Life and Times at Shomaisou Shiba Inu

Each month we update our newsletters multiple times, so check the date on the newsletter to know when it was last updated.

AKC National Championships – We competed with Kami in mid-December at the annual AKC National Championships in Orlando, FL. This was the 2nd show cluster for Kami. He had previously competed in Columbus, OH in November. We competed in the 6–9-month puppy class on Tuesday – Thursday that week where approximately 30 Shibas were entered each day. On Thursday we worked out a couple kinks and he won winners dog (winner over all class boys) and then best of winners (won over all class boys and girls) for a 5-point major (To become a champion the dog needs to major wins of 3-5 points for total accumulated 15 points). On Friday he competed against 18 Shibas puppies between 6 months and 18 months of age in the AKC Royal Canin Puppy Stakes. Kami won that prestigious Shiba competition. Saturday, December 17 was the actual AKC National Championship where he repeated his Thursday performance of best of winners for another 5-point major (10 of the 15 points needed for Champion) under AKC Judge Dr. Steven L Keating. Kami is from [Guccifer X Michi](#) Charlie Litter and a full brother to [Aki](#) from the [Guccifer X Michi](#) Alpha Litter. We are looking forward to the upcoming Michi Delta Litter (A winning combination). You may need to friend [myself](#) or [Joni Morningstar](#) on [Shomaisou Facebook](#) to view.

New Dogs at Shomaisou Shiba Inu

Mila, Lavender and Pretty Kitty – We brought 3 new dogs into our breeding program in December. Mila is a 6-year-old girl. Lavender is a 4-month-old puppy girl. Mila has all of her health checks completed but has not whelped a litter. Both girls came from Joni Morningstar of Grants Pass, OR. We will be working with a reproduction veterinarian, Dr. Robert Hutchinson to complete a successful breeding on her next heat that should come in January 2023 (transcervical insemination – TCI). Lavender is a lease girl that will be with us while we show her to Champion, complete her health checks, breed her first litter, then she will go back to her owner in Oregon. We also have 8-month-old Pretty Kitty here, but we will be training then taking to a show in KY where she will likely go to a breeder in GA.

Litter Plans / Adult Dogs

Kimiko Bravo Litter – A [Kimiko](#) breeding was completed with [Kuzya](#) early November and born 12/31/22. B/T girl and 2 B/T boys. We lost one of the boys, still born. The [Genetic Color Forecast](#) was.

Bella Foxtrot Litter – A [Star-Lord](#) X [Bella](#) Foxtrot Litter was completed in late December. The expected whelp date is February 17, 2023. We saw 5 on her ultrasound, but only 3 looked viable. 2 appeared that they would be reabsorbed.

Michi Delta Litter – We are planning a [Guccifer](#) X [Michi](#) Delta Litter for March 2023. In season late January.

Mila Alpha Litter – We are planning a [Guccifer](#) X Mila Alpha Litter. She came in season 1/29/23. We will be working with a reproduction veterinarian, Dr. Robert Hutchinson to complete a successful breeding in early February 2023 (transcervical insemination – TCI).

Aki Alpha Litter – TBD [Aki](#).

Adults To Approved Home (Selection process for our adult and retired dogs is stricter than the selection process for our puppies). No adult dogs are currently available, but [Bella](#) will likely be retired in late 2023.
