[Sho Mai Sou FAQ](#)

Life and Times at Sho Mai Sou Shiba Inu

Sho Mai Sou Dog Sitting

In the past, Sho Mai Sou has informally cared for our (i.e., bred by us or owned by us) dogs. We have had a change in thought about this and we are concerned we could be exposing the unvaccinated puppies to risk. We can no longer watch dogs not owned by us.

Sho Mai Sou Dog Visits

We welcome and enjoy visits to meet our dogs. We had cancelled visits to our home until after the COVID-19 issues are stable. We have transitioned all our dogs except very young litters to our climate-controlled shop, so we are now accepting visits from people on our "Short-Short List." Looking forward to lifting that restriction.

Litter Plans / Adult Dogs

Michi Alpha Litter – This is a co-owned litter whelped in WV. [Michi](#) was bred to [Guccifer](#). Three (3) red girls were born May 1st. We have selected homes for two (2) of the three (3) and will be holding the 3rd one until the girls in the other two litters have completed their 7-8 week evaluations to decide which one we will keep. Go home date is July 24th. Some updates will be posted on my blog at <http://shibas.dog> and [Guccifer X Michi Alpha Litter Facebook Album](#).
[Michi Pedigree](#) – [Guccifer Pedigree](#)

Ayumi Bravo Litter – A [Guccifer X Ayumi](#) Bravo Litter arrived 6/17. She gave us 2 black & tan boys and 1 red girl. Go home date September 9th.

Bella Alpha Litter – A litter was expected with [Bella](#) July 1st. The sire is [Star-Lord](#). We did an x-ray on 6/25 and confirmed she was carrying four (4) puppies. From DNA testing we knew that that this mating would only produce red puppies. On June 28th we were surprised with the early arrival of 1 red girl and 3 red boys. Go home is September 20th.

No More Litters in 2020 – The Bella Alpha Litter is last litter in 2020. We have not finalized our plans for our 2021 litters.

Adults To Approved Home (Selection process for our adult and retired dogs is more strict than the selection process for our puppies). None available at this time.

We do not have any adult Shiba's that are ready for new homes, but we have been asked by an owner of a 4-year-old male named [Teddy](#) in Ohio that needs to be rehomed, to assist her. [Teddy](#) should not be in a home that has other pets such as cats. [Teddy](#) was raised with a female Shiba and trained to stay in an electric fence, but his prey drive is very high and is no longer reliable, he needs a fenced. A recent incident involved [Teddy](#) busting through the electric fence and getting into fight with the neighbors' dog. The neighbor reached into the fight and got bit. Because of the bite, the dog is not eligible to go into one of the Shiba Rescues for rehoming. If you would like more information about this boy contact me direct. I will send you all I have and put you in direct contact with his owner. I am not charging a rehoming fee, but if you adopt [Teddy](#) I would ask that you made a donation to the [Tri-State Shiba Inu Rescue](#) or one of your choice below: <http://www.shibas.org/rescue.html>

Whelping/Weaning Area Cams and Growth Spreadsheet

<http://shibas.dog/camera-page.html>

We changed our [Online Puppy Spreadsheet location](#). Microsoft applied a security policy on OneDrive that prevented sharing to the outside world, so we moved it to DropBox, but it displays a little funky. All the hidden columns at the very top and some hidden rows display in DropBox version for some reason. We are working to resolve this. Until resolved scroll down past all the green columns (dam weights) until you get to the multicolor columns (puppy weights). Please update your old link link to new location.
